USA Softball no longer displays every bat made by bat manufacturers that do not comply with current USA Softball bat standards. If you want to know what bats are approved for use in USA Softball Championship Play, follow one of the steps below.

- check the approved list located in the drop down boxes above and search by the specific manufacturer or select all
- check for either the 2000, 2004 or 2013 (Slow Pitch Only) Certification Mark (all three depicted above) and then be sure the bat is not listed on the PDF's above as a Non-Approved Bats with Certification Marks by USA Softball

Please be sure to read the specific USA Softball rules surrounding bats (a portion of which is located above) for a comprehensive review. Please remember that all bats that do not bear a USA Softball certification mark remain non approved unless they were made prior to 2000 and in the sole discretion of the umpire would pass USA Softball's certification test if tested. Local USA Softball leagues and tournaments not conducted as part of USA Softball Championship Play may alter USA Softball's playing rules as they see fit.
